Dolby Atmos® - A great picture is one thing, but adding great sound makes it truly immersive. Our sound processing with Dolby Atmos® technology makes it feel like you're in the best seat in the stadium.

Surround sound - Open up the soundstage to make the soundtrack feel as involving as the big screen action. Sound helps draw you into what you're watching to feel more involved with the story.

Bluetooth® Audio Link lets you easily connect your TV to wireless speakers or headphones, offering more options. It also enables music playback from your phone and other devices through the TV's speakers.

HDR Bright Panel Plus screens deliver a wide range of colors for a natural picture. LED backlighting ensures consistent brightness and increased contrast, resulting in excellent HDR performance.

HDR Bright Panel Plus
*Applicable to MX800 and LX800 Series

HDR Bright Panel
*Applicable to MX650 Series

HDR Bright Panel 4K LED TVs are perfect for bright rooms. They produce crisp, colorful images and spectacular contrast, ensuring a clear view even on the brightest days.
